

Make everyday things into pieces of art! Many objects in Vesterheim Museum's collection, like wooden spoons, are useful but also beautiful in the way they are made, their shapes, or their decorations.

Here's an outline of a spoon that is in Vesterheim Museum's collection. Using art supplies you have at home, add some designs to the spoon. Be inspired by Vesterheim's collection or your own imagination to make your spoon interesting and unique.
